

 **URGENT HELP NEEDED** 
THIS IS NOT A DRILL!! THIS IS A CRISIS!!

Over 350 koalas have perished in NSW fires so far. We shudder the thought of the body count once you add in all the other species & the fact that over 3 dozen bush fires are still burning out of control across NSW & the Sunshine Coast!

Animals are POURING in: injured, dehydrated & suffering from smoke inhalation. Rescues & Wildlife Hospitals cannot keep up! We need you to help us support the carers & animals through the hell they face in the coming weeks & months.
